### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Raymond Scott on January 6, 2005.

The application has been amended as follows:

In the claims

Claim 17: line 9, "o" has been changed to --to--.

2. The following is an examiner's statement of reasons for allowance: for claim 1, the prior art does not disclose a pierce nut installation apparatus, the apparatus comprising a plunger having an end portion engaging and installing pierce nuts in a panel, the end portion of the plunger including a guide portion axially projecting from the end portion of the plunger and being received in a bore of the pierce nuts, the guide portion having a frustoconical outer surface tapered inwardly from the end portion at an angle of between three and seven degrees, these in combination with the rest of the limitations in the claim. For claims 11 and 17, the prior art does not disclose a pierce nut installation apparatus comprising a plunger having a generally planar end face engaging pierce nuts each having a threaded bore, the planar end face having an axially extending cylindrical guide element releasably fixed to the planar end face to be received in the threaded bore of the pierce nuts, the guide element being formed of a
